This is the basis that enables us to develop close and long-lasting relationships so that we are never just another law firm.

The way we think and work is what makes us a renowned law firm in Brazilian and international surveys. We are included in the main surveys on the operation of Brazilian law firms, which consider the opinions of the directors and legal counsels of the largest companies worldwide.

We are highlighted in publications such as Chambers Latin America, The Legal 500 Latin America, Who's Who Legal and *Análise Advocacia 500*, where we are recognised as one of the most admired firms in Brazil.
